

13/09/05 TT No.46: *Dave Reed* - Haywards Heath Town (SCL) and Sprowston Wanderers (ACL)

Last Friday I made a return visit to Haywards Heath Town and it was good to see that the club's fortunes, off the pitch at least, have taken a turn for the better. There is a new regime in place who have made some cosmetic alterations to the place but most important is that programmes are being issued once again. This is a sixteen-page production inside a stiffer cover with colour throughout and with seven pages of adverts, selling for £1. Mind you, the club secretary was not too impressed by the League giving them six consecutive home fixtures to start the season, leaving them only another seven for the rest of the season!

Good entertainment on the night as the home side went down 4-3 to Forest conceding a last-minute goal after having pulled back to 3-3.

Saturday saw me spending my birthday on a cricket ground in Norfolk by a roped-off pitch and no programme watching Sprowston Wanderers beat Dersingham Rovers 2-0 in the Norfolk Senior Cup. A decent enough game though with plenty of action at either end of the pitch.
