

19/10/05 TT No.77: *Andy Molden* - Attenborough (Notts Senior League)

Attenborough 0 Rolls Royce Leisure 1; Saturday 15th October - Notts Senior Cup; Attendance 54 (headcount).

Very pleasant ground shared with the cricket club at far end of village. Into village, over level crossing and follow "dead end" signs. Ground in "The Strand".

Roped off pitch with brick built dug-outs. All facilities in Cricket club at far end of ground. Well stocked tea bar, incl. filled rolls, etc.

Club have not issued on a regular basis for 15 or so years, though for this game they produced a A4 sheet with teams on one side and Rolls Royce history on the other. This was included in the £1.50 admission charge. The club also looked out a large box of old programmes so travellers could get an "antique" cover for their team sheet. The home club were a very friendly and helpful bunch.

The game could have gone either way, RR Leisure got the winner in the 2nd half, the homesters could have been two or three up by half-time if they had taken their chances.

RR Leisure had lost their manager the day before and a number of their side looked though they were not match fit, in fact the right back had "Engerland" shorts on as he did not fit into the club standard issue!
