

TT1011-137

**TT No.137: *Rob Champion*** - Sat 18th December 2010; **Butler Court** v Woodhouse Imperial (North Leics League Div. 1); Venue: Radmoor Centre, Loughborough; Admission/Programme: none; Attendance: 12 (head count); Match rating: 2.

The weather again is playing havoc with sporting fixtures across the country. Matches are postponed on mass all over the land and Leicestershire is no exception. At the time of writing I believe this is the only non-league game on in the county and only because of it being played on a 3G artificial surface. Despite very little snow the temperature never rose above freezing all day with it being for example around -4 degrees Celsius, @ 8am.

The club normally play at the one on the pitches at the Loughborough University complex but on having phoned the Butler Court secretary Elizabeth Hudson, she stated the game had been switched to the pitch on the Radmoor Centre complex which is part of Loughborough College on the other side of Epinal Way.
