

TT1112-100

TT No.100: *Bob Davies* - Sat 19th November 2011; **Northampton ON Chenecks (1) 2, Potton United (1) 2**; United Counties League Division One; Admission: None; Programme: None; Attendance; 20 or so.

First visit to this ground which is part of the facilities for the Rugby Union teams as well. The football team play on a partly roped off pitch and have a small stand with bench seats to shelter from the elements. With friendly officials here I was able to get hold of the team sheets to record the teams. Shame about the programme but that's life, they don't issue or charge admission, that's that really. The rugby team do issue however and that is included in their £3 admission! I didn't purchase one of those by the way. Good sized car park but with two footie matches and two rugby matches being played it filled up quite quickly as K.O. approached.

The game itself wasn't up to much. Both teams languishing in the lower regions of the Division and looked like it I'm afraid. Potton took the lead on 15 minutes but the home side who showed a lot more enthusiasm for the game scored on 40 to draw level. Home elation as they took the lead on the hour but Potton finally woke up and equalised with just four minutes left.
