TT No.43: *Paul Crofts* - Wed 15th September 2011; **Andover New Street** v Cove; Hampshire Senior Cup 1st Round; Result: 0-2; Admission: £5; Programme: £1.

Could be said this was the proverbial “game of two halves”, with Cove dominating the first half and scoring twice, with the home keeper making a couple of exceptional saves to keep the score down, however could be faulted for the second goal. In the second half, the home side were more dominant, and were only denied by some last ditch defending by Cove.

The ground is located in a rural spot, about a mile north of the village of Charlton, and approximately 3 miles outside of Andover. A canvas overhang protrudes from the club house providing some cover from the elements, and along the same side is a trailer type seated enclosure, however on a pleasant evening, neither was necessary. The rest of the ground is uncovered, and lined by fence and trees.

FGIF rating: 3*.
